

*Some of you will say, "I can get another newsletter for the same price with twelve or sixteen pages. So why should I buy Figure Four Weekly?"*

*Well, I read many other newsletters too. I enjoy them a lot. But there are a lot of thing(s) in other newsletters that just bore me to death. Some newsletters have as many as four pages of results from promotions I have either never heard of nor ever get to see on TV. Sometimes I'm treated to two whole pages of comments from readers about what they liked or didn't like on a pay-per-view. I don't get tapes from Japan or Mexico so I really don't need to read about what's going on there. And UFC, while somewhat related, is a completely different sport altogether so I don't really need to read about that either.*

*Figure Four Weekly covers three promotions. WWF. WCW. And ECW. That's it. No UFC. No Mexico. No Japan. No Independents.*
